G. B. HEBLIKAR, *District Registrar,*

DEPARTMENT OF PUBLIC INSTRUCTION, BANGALORE.

Notification D. No. 66 *of* 28-29, *dated the* 2*nd January* 1929.

It is hereby notified for general information that the Government Central Book Depot, Fort, Bangalore City, will be closed for all public transactions from Thursday the 17th January 1929 owing to the Annual Stock checking in the Depot. The date on which it will be reopened for transaction will be notified in due course.

N. S. SUBBA RAO,
Director of Public Instruction.

MISCELLANEOUS DEPARTMENTS.

OFFICE OF THE MUZRAI COMMISSIONER IN MYSORE.

Circular dated Bangalore, 21*st December* 1928.

The following are some of the principal defects requiring immediate attention on the part of the Deputy Commissioners in regard to Muzrai matters.

1. Necessary enquiry has not been made to find out the actual income of a good many institutions which were provisionally classed as village, *i.e.*, with income of less than Rs. 100. Since the Government have sanctioned costly establishments for Muzrai work in the various offices by the levy of percentage contribution on the income of major and minor institutions on the strength of the resources of the Muzrai Establishment Fund, it is very important that the number of institutions contributing to the Establishment Fund should be increased. It is also very necessary to periodically revise the scales of income and expenditure of institutions now classed as major and minor. The Deputy Commissioners of Districts are requested to get a detailed examination made and furnish a report within 3 months.

2. The Inam endowments of certain minor temples are left in the possession of temple servants in accordance with the instructions given in G. O. No. 2101—Muz, 187-22-2, dated 18th January 1923, subject to their meeting all charges on account of establishment and katle and payment of a reserve amount annually towards "Reserve for Repairs" and "Percentage contribution to Establishment Fund." The amount of Reserve is fixed arbitrarily. This is irregular. In the case of all such institutions the actual income from the inam endowments should be determined and the reserve amount fixed at 15 to 20 per cent of the income as prescribed in rules.

3. The inam endowments of village institutions are left in the possession of the pujari or the villagers. There is absolutely no control over these. These institutions cannot therefore build up a reserve and in case funds are required for the renovation of the building either the villagers or the pujari are expected to provide such funds. This has resulted in progressive deterioration of the temples for it is not easy to induce the villagers or the pujaris to undertake temple renovation and the institution in consequence tends to become defunct. In order to avoid such contingency, each person in the possession and enjoyment of the inam endowments of village institutions should be made to pay annually a fixed amount into the Government Treasury to build up a reserve.

4. The management of certain inam villages endowed to the Muzrai Institutions is not satisfactory. In the case of a few, survey and settlement have not been introduced although it is required by rules that Survey and Settlement should be introduced into villages under Government management. Action should be taken immediately to get Survey and Settlement introduced into all inam villages belonging to Muzrai Institutions.

5. Collection work is slack. To ensure prompt collection the work may be entrusted to the village officials. Where the amount of collection is large recommendation may be made to pay a commission to the village officials.

6. Government in their Order No. 2892-901—M. F. 5-96, dated 10th March 1904, have directed that the income of Muzrai Institutions should be scrutinized and audited properly. At present the Comptroller audits only expenditure with reference to total tasdik scales under the large heads (*a*) Establishment (*b*) Nityakatle (*c*) Hetchukatle, etc.

The revenues accruing from the lands endowed to Muzrai Institutions and the other sources of income are not audited in the Comptroller's office as it is required to be attended to in the Muzrai Commissioner's office. As only lumpsum credits and debits are compiled in this office from 25-26 there is no regular audit of income and expenditure and consequently there is no check over the Demand and Collection of the income of Muzrai Institutions. Arrangements will therefore be made in the Muzrai Commissioner's office for a regular audit of income and expenditure.

7. Demand, Collection and Balance statements are not maintained either in the Taluk or District Offices. The Deputy Commissioners are requested to arrange to have a Muzrai Demand, Collection and Balance sent monthly as in the case of Land Revenue Demand, Collection and Balance.

8. Some Muzrai institutions have Savings Bank Deposits. There is at present no check over these investments and it is not known how much money belonging to Muzrai institutions is in Savings Bank Deposits. There is much irregularity in this connection, *e.g.*, interest on puduvat amounts meant for services is not drawn regularly and Savings Bank accounts have been opened even for sums less than Rs. 100, etc. Monthly statements of Savings Bank Deposits should be obtained from taluks and compiled in the Muzrai Commissioner's Office.

9. The printed Muzrai Quit-rent Register has to be revised with reference to the latest survey records. The endowments of institutions are not to be found under one serial but appear under different serials. So in order to find out the total extent of endowments of an institution several pages of the Quit-rent Register have to be referred to. If the register is revised bringing in under one serial number all the endowments of a particular institution it would afford ready references. Certain institutions have endowments in taluks other than the one in which they are situated. Information in regard to all such endowments should be collected and printed as an annexure to the Quit-rent Register of the taluk in which the institution is situated. Certain institutions own fully assessed lands also. These are not found in the Quit-rent Register. Details as to all such lands should be collected from the of Khetwar and printed as an annexure to the Quit-rent Register.

If the existing Quit-rent Register is revised as above it will serve as an exhaustive index the land endowment of Muzrai institutions.

The revision of the Ruit-rent Register may be got done by the taluk gumastas. The inam portion of the above register may be got verified by the Inam Department and a fresh register printed.

The cash grant (*i.e.*, the Ready Money Inam Register) has also to be revised as there are changes. This work may be attended to in the Muzrai Commissioner's Office and while revising this register details of the nehimi allowances in favour of Muzrai Institutions should also be properly recorded. The Malnad Cash Grant Register too has to be revised.

Inspection.

Inspection of Minor and Village Institutions are not regularly conducted by Amildars and Shekdars as required by rules. In the case of institution which are stated to have been inspected by Amildars and Shekdars, copies of inspection notes are not maintained in Taluk Office. As per rules contained in G. O. No. 3067-80—Muz. 121-17-1, dated 3rd April 1919, copies of inspection notes were required to be sent to the Muzrai Superintendent's Office, but this was discontinued in G. O. No. 284-97—Muz. 39-23-2, dated 22nd August 1923. There is therefore no data to verify if inspections are conducted. Unless copies of inspection notes are kept in Taluk Offices proper supervision over inspection cannot be exercised. All inspection notes of Sub-Division Officers and Officers above the Sub-Division Officers' grade should be sent to the Muzrai Commissioner. Information should be incorporated in the annual report as to the percentage of institutions so inspected.

Jewel lists are defective. Jewels of village institutions are not inspected and listed. Unserviceable jewels are allowed to accumulate. So also votive offerings. Steps should be taken immediately to have complete and exhaustive lists of such jewels prepared.

Puduvat Loans.

Correct lists are not made. Action is not taken to recover the loans which have become time-barred. Government in their Order No. 4255-63, dated 4th March 1907, have issued definite instructions in the matter, but attention is not paid to carry out the instructions. Officers who fail to give effect to these instructions should be informed that they render themselves personally responsible for such negligence.

Forms, etc.

The existing forms of accounts and registers were prescribed by the Comptroller in 1904. Many of these have become obsolete. Action will be taken to revise the prescribed forms in consultation with the Comptroller.

P. G. D'SOUZA,
Muzrai Commissioner.

Dated 12*th January* 1929.

The following Press Communique issued by the Controller of the Currency in regard to the introduction of a new pattern ten-rupee Currency note is published for information of all Treasury Officers and the public.

Press Communique.

NEW PATTERN TEN-RUPEE NOTE.

The Government of India purpose to introduce shortly a new pattern ten-rupee Currency note which will be less liable to imitation. Ten-rupee notes of the old pattern will continue to be legal tender.

A detailed description of the new note is given below for the information of the public :—

Size.—The note is of the same size as the existing pattern and the paper is of identical quality with that at present in use.

Design.

Front.—The printing differs considerably from that of the existing pattern although the general arrangement with the head of His Majesty on the right of the front is retained. The main printing of the front of the note is in blue which is very distinctive. This includes the head of His Majesty, the whole of the usual legend, the corner values, and the Controller of the Currency's signature, enclosed within a white line border of complicated design. The main design is covered with a secondary printing of fine lines embodying a repetition of the words "Government of India" over the lower half of the note, with the denomination 10 shown both in figures and letters with some complicated scroll work. The colours of the secondary printing are grey-green at the top and bottom of the note merging into a dull violet in the centre. The panels in which the numbers appear in the top right and bottom left hand corners have a fine line pattern background of the grey-green colour. The numbers are printed in black.

Back.—The back of the note is printed in a paler shade of blue and shows the usual vernaculars indicating the value, as well as the value in English, all by means of white lettering thrown up by the edging, In the top left hand corner is the Imperial cypher "G.R.I." surmounted by a Crown on a complicated white line rosette and in the bottom right hand corner on a similar rosette is a representation of the Star of India. The whole of the design of the back is overprinted by a fine line pattern of grey-green. The value 10 in large figures appears in this colour in the top right and bottom left hand corners.

Watermark.—The watermark is altered, the Star of India in the present design being replaced by a portrait watermark of His Majesty the King-Emperor which appears in a blank panel on the left of the note. In the lower half of the centre of the paper are the words "Govt. of India" in relief watermark and in the upper centre of the paper is the Imperial cypher "G.R.I." in intertwined letters.

Controller of the Currency.

Dated 12th January 1929.

The following Press Communique issued by the Controller of the Currency in regard to the introduction of a new pattern ten-rupee Currency note is published for information of all Treasury Officers and the public.

Offg. *Comptroller.*

Press Communique.

NEW PATTERN TEN-RUPEE NOTE.

The Government of India propose to introduce shortly a new pattern ten-rupee Currency note which will be less liable to imitation. Ten-rupee notes of the old pattern will continue to be legal tender.

A detailed description of the new note is given below for the information of the public:—

Size.—The note is of the same size as the existing pattern and the paper is of identical quality with that at present in use.

Design.

Front.—The printing differs considerably from that of the existing pattern although the general arrangement with the head of His Majesty on the right of the front is retained. The main printing of the front of the note is in blue which is very distinctive. This includes the head of His Majesty, the whole of the usual legend, the corner values, and the Controller of the Currency's signature, enclosed within a white line border of complicated design. The main design is covered with a secondary printing of fine lines embodying a repetition of the words "Government of India" over the lower half of the note, with the denomination 10 shown both in figures and letters with some complicated scroll work. The colours of the secondary printing are grey-green at the top and bottom of the note merging into a dull violet in the centre. The panels in which the numbers appear in the top right and bottom left hand corners have a fine line pattern background of the grey-green colour. The numbers are printed in black.

Back.—The back of the note is printed in a paler shade of blue and shows the usual vernaculars indicating the value, as well as the value in English, all by means of white lettering thrown up by the edging. In the top left hand corner is the Imperial cypher "G.R.I." surmounted by a Crown on a complicated white line rosette and in the bottom right hand corner on a similar rosette is a representation of the Star of India. The whole of the design of the back is overprinted by a fine line pattern of grey-green. The value 10 in large figures appears in this colour in the top right and bottom left hand corners.

Watermark.—The watermark is altered, the Star of India in the present design being replaced by a portrait watermark of His Majesty the King-Emperor which appears in a blank panel on the left of the note. In the lower half of the centre of the paper are the words "Govt. of India" in relief watermark and in the upper centre of the paper is the Imperial cypher "G.R.I." in intertwined letters.

Controller of the Currency.

2. Letter No. 1093, dated the 21st March 1928, from Mr. M. T. Naraniengar, M.A., Chairman of the Audit Board and member of the Committee suggesting that the following subjects be included in the Agenda of the meeting :—

3. Audit of University Hostels.
4. Items (4) & (5) of the minutes of the Board of Audit for 26-27, dated 22nd February 1927 : *viz.*,

(i) "That the University may be requested to furnish the Board every year, with a tabular statement showing the several important points raised in the Report of the Audit Board for the previous year and action taken thereon on the lines of the statement in Appendix 4, iii to the Annual Report of the University for 1925-26 relating to the Senate resolutions page 37."

(ii) "That the Report of the Audit Board should form part of the Agenda of the Senate meeting at which it is presented and should formally be moved thereat by the Chairman for adoption."

I. The Committee were unanimously of opinion that the following arrangements may be made to give effect to the provisions of Regulation 19 (2) and Ordinances 26 & 27 :—

(i) In respect to test audit of the accounts (Ordinance 27) the Board will have for purposes of audit "access to all the accounts and other records of the University" as laid down under Section 19 (2) of the Regulation and accordingly it may call for and refer to such "accounts and other regards" during and at the time of audit, the term "access" in the regulation meaning access at the Registrar's office.

(iv) The annual report of the Board to the Senate will relate chiefly to special features of the finances of the last preceding year.

The Committee are also of opinion that misunderstanding may be avoided if the Board should discuss with the Heads of institutions audited any points arising in the course of the audit which require elucidation, before sending in their Report to the Council.

II. The Committee further considered the suggestions made in Mr. Naraniengar's etter and unanimously resolved :—

(i) That, with regard to item 4 (i) no such tabular statement is necessary but that the Chairman may be informed of the action taken on each of the Reports of the Buard to the Council and

All the Presidents of the Municipalities.

Circular No. 146—*L. A. D., dated 28th January* 1929.

The Superintendent, Government Printing, intimates that the complaint of many Municipalities that they do not get an adequate supply of necessary forms from him and are consequently put to inconvenience is in many cases due to their not sending their indents in time to him and to the submission later of stray indents for items omitted therein. The attention of all Municipal Presidents is accordingly drawn to Rule 377 of the Municipal Manual, Part II, requiring indents for the supply of forms being sent to the Stationery Superintendent by the 31st March and they are requested to send their indents in time and in proper form accordingly in order that the supply of necessary forms and smooth progress of work may be ensured.

To

All the Presidents of the Municipalities.

Circular No. 146—*L. A. D., dated* 28*th January* 1929.

The Superintendent, Government Printing, intimates that the complaint of many Municipalities that they do not get an adequate supply of necessary forms from him and are consequently put to inconvenience is in many cases due to their not sending their indents in time to him and to the submission later of stray indents for items omitted therein. If such complaints should cease, he says that Municipalities should invariably send their indents in proper form by the due date, *viz.*, 31st March each year. The attention of all Municipal Presidents is accordingly drawn to Rule 377 of the Municipal Manual, Part II, requiring indents for the supply of forms being sent to the Stationery Superintendent by the 31st March and they are requested to send their indents in time and in proper form accordingly in order that the supply of necessary forms and smooth progress of work may be ensured.

MYSORE STATE LIFE INSURANCE—PUBLIC BRANCH.

EXTRACTS FROM THE ANNUAL REPORT FOR THE YEAR 1927-28, AND THE VALUATION REPORT FOR THE QUINQUENNIUM ENDING WITH 30TH JUNE 1928 OF THE PUBLIC BRANCH ARE PUBLISHED FOR THE INFORMATION OF THE POLICY HOLDERS.

Annual Report.

1. During the year under report 1,514 proposals were received under all the four classes of insurance for a total assurance of Rs. 15,51,300. These along with 112 for 1,08,000 pending at the beginning of the year totalling 1,626 for Rs. 16,59,300 were dealt with as against 1,499 for Rs. 13,90,100 in the previous year. One thousand one hundred and eighty-six proposals for Rs. 12,48,000 were accepted. Two hundred and ninety-three proposals for Rs. 2,75,900 were either rejected, withdrawn or cancelled and 147 for Rs. 1,35,400 were left pending at the end of the year, *vide* statement I. Of the 1,186 proposals accepted, 1027 resulted in the issue of policies assuring Rs. 10,88,900 for an annual premium of Rs. 61,896-9-0. The number of rejected cases for every 100 accepted proposals was 16·44 as against 15·78 in the previous year.

2. Statement II shows the receipt and disposal of proposals from the commencement of the scheme.

3. Insured persons holding one A Class policy, 22 C Class policies and 5 D Class policies, in all 22 insured persons holding 28 policies assuring Rs. 27,400 were reported dead during the year.

4. Twenty policies were discharged during the year by payment of Rs. 18,100 to the heirs of the deceased insured. Nine policies of A Class, 12 of B Class, 542 of C Class and 59 of D Class were surrendered by 592 insured persons receiving a surrender value of Rs. 7,358-8-1. In the year under report 2 C Class policies, 3 D Class policies matured and a sum of Rs. 8,500 (Rs. 2,500 in cash and Rs. 6,000 in the shape of war loan bonds) was paid in discharge of them.

5. From the commencement of the Scheme 14 A Class policies, 7 B Class policies, 92 C Class policies assuring Rs. 1,41,800 resulted in claims and 17 D Class policies for Rs. 20,600 became paid up policies by the death of the insured. One thousand one hundred and fifty-three policies of all the four schemes assuring Rs. 11,29,000 became extinct by maturity, surrender, refund and cancellation.

6. The income during the year was Rs. 3,59,762-10-8 inclusive of Rs. 45,651-0-9 being the interest on the monthly balances. This together with the opening balance of Rs. 9,05,539-4-7 amounted to Rs. 12,65,301-15-3. The expenditure during the year was Rs. 66,536-3-1. The cash balance in favour of the fund at the end of the year was Rs. 11,98,765-12-2.

7. Out of the Second Indian War Loan Bonds of the face value of Rs. 80,500 mentioned in the previous year's report, bonds of the face value of Rs. 6,000 were delivered in advance to an insured on payment of the balance of the yearly premium and also the half-yearly interest due on 15th September 1928. A sum of Rs. 7,131-9-3 is outstanding as loan out of the amounts advanced to the insured for keeping their policies in force. The total asset of the fund including the said bonds and the balance of loan advanced to the insured was Rs. 12,80,397-5-5 at the end of the year.

EXTRACTS FROM THE VALUATION REPORT RECEIVED FROM MR. J. BACON, ACTUARY, FOR THE QUINQUENNIUM ENDING 30TH JUNE 1928.

1. As in the Official Branch the valuation of the liabilities has been made by deducting from the values of the sums assured the values of the net premiums and cases that have been rated up by an addition to the age have been treated as though for all purposes they were of the higher age with a corresponding addition to the age at maturity.

2. Table 2 appended hereto gives a summary of the valuation particulars and the valuation balance sheet. In arriving at the results, it has been assumed that the assets are fully of the values stated and that no deduction from the Insurance Fund is required for matured claims, death claims, outstanding surrender values, etc., as these items are set out independently in the balance sheet supplied to me. It is also felt that the strengthening of the reserves now made will fully cover any other special contingency.

3. *Surplus.*—The surplus disclosed by the valuation is the sum of Rs. 1,88,028 as compared with a deficiency of Rs. 13,269 at the last valuation. It has arisen from :—

(*a*) interest earned in excess of the rate of 3 per cent assumed in the valuation,
(*b*) provision for expenses and profits in excess of the expenses actually incurred,
(*c*) profits in respect of surrenders and lapses, and
(*d*) a small amount of profit from mortality.

Against these must be set the previous deficiency and the interest thereon. As the deficiency at the last valuation amounted to Rs. 13,269 the amount of profit actually earned during the quinquennium has been Rs. 2,01,297.

4. A bonus of one per cent per annum on the sum assured under all policies existing on 30th June 1928 for each year in force from the beginning of the quinquennium would cost the sum of Rs. 1,28,879. This cost is arrived at on the assumption that a full year's bonus will be declared in respect of each year entered upon since 30th June 1923. The surplus revealed by the valuation would therefore provide a reversionary bonus of 1·4 per

cent per annum. In view of past experience, it is undesirable to distribute the full amount possible, but it must be remembered that no previous bonus has been declared in this Branch and some of the policies have been as much as 12 years in force. For the benefit of these policy holders, it is perhaps permissible to be a little more generous than would be the case at succeeding valuations and I therefore recommend that a bonus should be declared payable on maturity or on earlier death at the rate of 1¼ per cent of the sum assured in respect of each year of assurance entered upon since 30th June 1923, upto and including 30th June 1928. This bonus will be applicable to Tables A, B and C, but not to Table D which is definitely stated in the rules not to be entitled to bonus. This will absorb the sum of Rs. 1,61,099 leaving Rs. 26,929 to be carried forward to the next valuation. I also recommend that until the results of the next valuation are known an interim bonus should be declared at the rate of 1¼ per cent per annum on the original sum assured in respect of each policy that becomes a claim or matures under Tables A, B and C, this bonus being calculated in respect of each year of assurance entered upon after 30th June 1928.

To

All the Presidents of the Municipalities.

Circular No. 146—*L. A. D., dated* 28*th January* 1929.

The Superintendent, Government Printing, intimates that the complaint of many Municipalities that they do not get an adequate supply of necessary forms from him and are consequently put to inconvenience is in many cases due to their not sending their indents in time to him and to the submission later of stray indents for items omitted therein. If such complaints should cease, he says that Municipalities should invariably send their indents in proper form by the due date, *viz.*, 31st March each year. The attention of all Municipal Presidents is accordingly drawn to Rule 377 of the Municipal Manual, Part II, requiring indents for the supply of forms being sent to the Stationery Superintendent by the 31st March and they are requested to send their indents in time and in proper form accordingly in order that the supply of necessary forms and smooth progress of work may be ensured.

Cir. No. 320 *T. A., dated* 15*th February* 1929.

Government Orders No. Fl. 5788-837—S. A. 179-28-1, dated 30th January 1929, and Fl. 4657-706—S. A. 333-15-1, dated 17th March 1916, explaining the circumstances under which conveyances may be transported from one place to another at Government expense and the scope of Art. 539, Mysore Service Regulation are hereby published for the information of sanctioning and other officers.

S. SHAMANNA,
Comptroller.

Order No. Fl. 5788-857—*S. & A.* 179-28-1, *dated* 30th *January* 1929.

Under Article 539, Mysore Service Regulations an Officer having to travel by Railway over a distance of not less than 30 miles in a single journey and requiring conveyance for his *bona fide* use at the end of such journey, may, with the sanction of his official superior, claim the actual expenses of sending such conveyance, but the sanction has to be accorded by the official superior only in the public interest and when giving it should be communicated to Government.

2. As permission was given by the Head of the Department to an officer to take his conveyance by rail at Government cost for his use within the municipal limits of the place of halt, under a misapprehension of the scope of this article, the attention of all officers is invited to G. O. Fl. 4657-706—S. A. 333-15-1, dated 17th March 1916. With a view to the instructions laid down therein being strictly followed in future.

M. VIRARAJA URS,
For *Financial Secretary to Government.*

Order No. Fl. 4657-706—*S. & A.* 333-15-1, *dated* 17*th March* 1916.

Under Art. 529 Mysore Service Regulations the power of allowing officers to take by rail at the cost of Government-conveyances required by them for use at the end of a journey is vested in their official superiors. The attention of Government has been drawn to the fact that the conditions under which this concession has been granted in different instances have not always been uniform. As it is necessary that all officers should clearly understand in what circumstances the concession referred to in this article may be properly sanctioned, Government are pleased to lay down the following rules for their guidance and direct that they may be strictly followed in future.—

1. The scale of an officer's travelling allowance is fixed so as to cover all items of expenditure incidental to journeys on transfer or on tour. For ordinary journeys on tour or transfer, therefore, an officer is not entitled to charge Railway freight for his conveyances or horses in addition to full travelling allowance under the rules especially in cases where a sufficiently large amount of road mileage is drawn for Journeys performed by such converyance.

2. Accordingly for journeys for which an officer earns by road mileage an amount equal to at least twice the outward Railway freight for the conveyance which it is necessary for him to take by rail in the interests of the public service, such charges will not be borne by Government. Ordinarily an officer should so arrange his tour that sufficient road journeysare performed at the end of the Railway journey, so as to make this rule applicable.

3. In exceptional cases where the road mileage earned is less than twice the Railway freight for the conveyance and the interests of public service require the horse or conveyance at one place immediately after its being similarly used in another place, the concession contemplated in Art. 539, Mysore Service Regulation, may be sanctioned for the outward journey only. It may be sanctioned for the return journey if that journey also satisfies the condition of urgency stated in the following paragraph.

4. The concession should not be allowed unless it is clearly shewn that public interests would suffer if the conveyance or horse was sent by road in the usual manner and that in spite of reasonable forethought in the arrangement of the tour programme the necessity for its being required at two places almost simultaneously could not be prevented.

5. The daily allowance under the rules drawn by an officer when halting at a station is held to cover all the ordinary daily charges of the officer including the cost of Locomotion within the station. Charges for transporting conveyances will not therefore be allowed merely to give an officer facilities of Locomotion within stations at which he may halt but only for urgent journeys from one station to another.

6. When a concession under Art. 539, Mysore Service Regulation granted by an authority subordinate to Government is against any of the express provision of the Article, the Comptroller should disallow the charges clearly pointing out to the sanctioning authority the particular provision violated.

7. Charges of transporting a conveyance when allowed should be supported by the receipt granted by the railway authorities.

COMPTROLLER'S OFFICE.

Cir. No. 320 *T. A., dated* 15*th February* 1929.

Government Orders No. Fl. 5788-837—S. A. 179-28-1, dated 30th January 1929, and Fl. 4657-706—S. A. 333-15-1, dated 17th March 1916, explaining the circumstances under which conveyances may be transported from one place to another at Government expense and the scope of Art. 539, Mysore Service Regulation are hereby published for the information of sanctioning and other officers.

S. SHAMANNA,
Comptroller.

Order No. Fl. 5788-857—*S. & A.* 179-28-1, *dated* 30th *January* 1929.

Under Article 529, Mysore Service Regulations an Officer having to travel by Railway over a distance of not less than 30 miles in a single journey and requiring conveyance for his *bona fide* use at the end of such journey, may, with the sanction of his official superior, claim the actual expenses of sending such conveyance, but the sanction has to be accorded by the official superior only in the public interest and when giving it should be communicated to Government.

2. As permission was given by the Head of the Department to an officer to take his conveyance by rail at Government cost for his use within the municipal limits of the place of halt, under a misapprehension of the scope of this article, the attention of all officers is invited to G. O. Fl. 4657-706—S. A. 333-15-1, dated 17th March 1916, with a view to the instructions laid down therein being strictly followed in future.

M. VIRARAJA URS,
For *Financial Secretary to Government.*

Order No. Fl. 4657-706—*S. & A.* 333-15-1, *dated* 17*th March* 1916.

Under Art. 529 Mysore Service Regulations the power of allowing officers to take by rail at the cost of Government-conveyances required by them for use at the end of a journey is vested in their official superiors. The attention of Government has been drawn to the fact that the conditions under which this concession has been granted in different instances have not always been uniform. As it is necessary that all officers should clearly understand in what circumstances the concession referred to in this article may be properly sanctioned, Government are pleased to lay down the following rules for their guidance and direct that they may be strictly followed in future.—

1. The scale of an officer's travelling allowance is fixed so as to cover all items of expenditure incidental to journeys on transfer or on tour. For ordinary journeys on tour or transfer, therefore, an officer is not entitled to charge Railway freight for his conveyances or horses in addition to full travelling allowance under the rules especially in cases where a sufficiently large amount of road mileage is drawn for Journeys performed by such converyance.

2. Accordingly for journeys for which an officer earns by road mileage an amount equal to at least twice the outward Railway freight for the conveyance which it is necessary for him to take by rail in the interests of the public service, such charges will not be borne by Government. Ordinarily an officer should so arrange his tour that sufficient road journey sare performed at the end of the Railway journey, so as to make this rule applicable.

3. In exceptional cases where the road mileage earned is less than twice the Railway freight for the conveyance and the interests of public service require the horse or conveyance at one place immediately after its being similarly used in another place, the concession contemplated in Art. 539, Mysore Service Regulation, may be sanctioned for the outward journey only. It may be sanctioned for the return journey if that journey also satisfies the condition of urgency stated in the following paragraph.

4. The concession should not be allowed unless it is clearly shewn that public interests would suffer if the conveyance or horse was sent by road in the usual manner and that in spite of reasonable forethought in the arrangement of the tour programme the necessity for its being required at two places almost simultaneously could not be prevented.

5. The daily allowance under the rules drawn by an officer when halting at a station is held to cover all the ordinary daily charges of the officer including the cost of Locomotion within the station. Charges for transporting conveyances will not therefore be allowed merely to give an officer facilities of Locomotion within stations at which he may halt but only for urgent journeys from one station to another.

6. When a concession under Art. 539, Mysore Service Regulation granted by an authority subordinate to Government is against any of the express provision of the Article, the Comptroller should disallow the charges clearly pointing out to the sanctioning authority the particular provision violated.

7. Charges of transporting a conveyance when allowed should be supported by the receipt granted by the railway authorities.

S. SHAMANNA,
Comptroller.

Cir. No. 320 *T. A., dated* 15*th February* 1929.

Government Orders No. Fl. 5788-857—S. A. 179-28-1, dated 30th January 1929, and Fl. 4657-706—S. A. 333-15-1, dated 17th March 1916, explaining the circumstances under which conveyances may be transported from one place to another at Government expense and the scope of Art. 539, Mysore Service Regulation are hereby published for the information of sanctioning and other officers.

S. SHAMANNA,
Comptroller.

Order No. Fl. 5788-857—*S. & A.* 179-28-1, *dated* 30th *January* 1929.

Under Article 529, Mysore Service Regulations an Officer having to travel by Railway over a distance of not less than 30 miles in a single journey and requiring conveyance for his *bona fide* use at the end of such journey, may, with the sanction of his official superior, claim the actual expenses of sending such conveyance, but the sanction has to be accorded by the official superior only in the public interest and when giving it should be communicated to Government.

2. As permission was given by the Head of the Department to an officer to take his conveyance by rail at Government cost for his use within the municipal limits of the place of halt, under a misapprehension of the scope of this article, the attention of all officers is invited to G. O. Fl. 4657-706—S. A. 333-15-1, dated 17th March 1916, with a view to the instructions laid down therein being strictly followed in future.

M. VIRARAJA URS,
For *Financial Secretary to Government.*

Order No. Fl. 4657-706—*S. & A.* 333-15-1, *dated* 17*th March* 1916.

Under Art. 529 Mysore Service Regulations the power of allowing officers to take by rail at the cost of Government-conveyances required by them for use at the end of a journey is vested in their official superiors. The attention of Government has been drawn to the fact that the conditions under which this concession has been granted in different instances have not always been uniform. As it is necessary that all officers should clearly understand in what circumstances the concession referred to in this article may be properly sanctioned, Government are pleased to lay down the following rules for their guidance and direct that they may be strictly followed in future.—

1. The scale of an officer's travelling allowance is fixed so as to cover all items of expenditure incidental to journeys on transfer or on tour. For ordinary journeys on tour or transfer, therefore, an officer is not entitled to charge Railway freight for his conveyances or horses in addition to full travelling allowance under the rules especially in cases where a sufficiently large amount of road mileage is drawn for Journeys performed by such conveyance.

2. Accordingly for journeys for which an officer earns by road mileage an amount equal to at least twice the outward Railway freight for the conveyance which it is necessary for him to take by rail in the interests of the public service, such charges will not be borne by Government. Ordinarily an officer should so arrange his tour that sufficient road journeys are performed at the end of the Railway journey, so as to make this rule applicable.

3. In exceptional cases where the road mileage earned is less than twice the Railway freight for the conveyance and the interests of public service require the horse or conveyance at one place immediately after its being similarly used in another place, the concession contemplated in Art. 539, Mysore Service Regulation, may be sanctioned for the outward journey only. It may be sanctioned for the return journey if that journey also satisfies the condition of urgency stated in the following paragraph.

4. The concession should not be allowed unless it is clearly shewn that public interests would suffer if the conveyance or horse was sent by road in the usual manner and that in spite of reasonable forethought in the arrangement of the tour programme the necessity for its being required at two places almost simultaneously could not be prevented.

5. The daily allowance under the rules drawn by an officer when halting at a station is held to cover all the ordinary daily charges of the officer including the cost of Locomotion within the station. Charges for transporting conveyances will not therefore be allowed merely to give an officer facilities of Locomotion within stations at which he may halt but only for urgent journeys from one station to another.

6. When a concession under Art. 539, Mysore Service Regulation granted by an authority subordinate to Government is against any of the express provision of the Article, the Comptroller should disallow the charges clearly pointing out to the sanctioning authority the particular provision violated.

7. Charges of transporting a conveyance when allowed should be supported by the receipt granted by the railway authorities.

P. H. KRISHNA RAO,
For *Financial Secretary to Government.*

SUBJECT.—Instructions for drawing the Single Consolidated Imprest, sanctioned to the Amildars and Deputy Amildars, and accounting for the expenditure incurred therefrom.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 148—*T.A.D.B., dated 8th March* 1929.

To

All Amildars and Deputy Amildars,

All Treasury Officers, and

The Inspecting Officers of Taluk Offices and Taluk Treasuries.

Government having in their Order No. R. 6144-55 R. M. 14-27-7, dated 2—4th February 1929, sanctioned a Single Consolidated Imprest for Taluk Offices in lieu of the several imprests now held by them, the following instructions are issued for drawing the consolidated imprest and accounting for the expenditure incurred therefrom. :—

(1) The Single Consolidated Imprest, sanctioned in the above Government Order (Rs. 100 for each Taluk Office and Rs. 50 for each Sub-Taluk Office) will be drawn by the Amildar or Deputy Amildar from the Treasury on a payee's receipt, quoting number the and date of the Government Order sanctioning the imprest.

(2) The imprests now held from the General Revenues for various purposes (such as Revenue Imprest, Bandh Imprest, Imprest for Tank Maintenance Works, Imprest for Record of Rights Work, Lock-up Imprest, Inam Advance, Imprest for Malnad Improvement Work) should be refunded to the Treasury on the date on which the consolidated Imprest is drawn from the Treasury, for credit under 'Permanent Advances' in the Treasury Accounts. If the full amount of the original imprest is not available on that date, in the shape of cash, owing to the non-recoupment or non-adjustment of certain items of expenditure met out of it, the amount required to make up the full imprest may be met from the Consolidated Single Imprest so that the original imprests (in full) may be refunded to the Treasury.

(3) An acknowledgment of the Single Consolidated Imprest will be despatched to the Audit Office in the prescribed form (Form 19 M. C. A. C. Vol. I) with an explanatory memo showing (1) actual cash held and (ii) expenditure spent and remaining unrecouped on the date of drawing the imprest from the treasury. In respect of the latter, a statement showing the following particulars should accompany the permanent advance acknowledgment .—

(1) Date of disbursement.
(2) Particulars of expenditure.
(3) Amount.
(4) Action taken for recoupment.

(4) As the Consolidated Imprest is intended for meeting different kinds of expenditure to be recouped on separate bills, the Imprest Register should show separately the different kinds of expenditure. The Imprest Register may be maintained in the enclosed Form. If any new kinds of expenditure, other than those mentioned in the form, are met out of the imprest, necessary additional columns may be opened in the Imprest Register. The unrecouped amounts of the present imprests should be entered in detail in this register, as the opening entries.

(5) The amount spent should be recouped as often as necessary and at least at the end of each month. There should be separate bills for the charges relating to different classes of expenditure (booked under different major heads). The number, date and amount of the recoupment bill, should be noted against each item. If any item of expenditure is to be recouped by cash recovery, the date of recovery and item number of the cash book should be noted against the item concerned.

(6) For expenditure connected with Tank Maintenance Works, one column will be set apart in this Register and the procedure laid down in this office Circular No. 141, dated 15th November 1928, will be followed in other respects.

(7) An analysis of the balance of the Imprest Register (giving details of items working up to the difference between the imprest held and the balance of imprest on hand). should be prepared at least once a month (*vide* para 5C of the Annexure to M. C. A. C. Vol. I).

2. At the time of inspection of the Taluk Offices and Taluk Treasuries, the Inspecting officers will examine the Imprest Register, along with the Abstract Cash book, Acquittance Roll, etc., and see that the Imprest Register is maintained properly and the imprest is recouped promptly.

SUBJECT.—Instructions for drawing the Single Consolidated Imprest, sanctioned to the Amildars and Deputy Amildars, and accounting for the expenditure incurred therefrom.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 148—*T.A.D.B., dated 8th March* 1929.

To

All Amildars and Deputy Amildars,
All Treasury Officers, and
The Inspecting Officers of Taluk Offices and Taluk Treasuries.

Government having in their Order No. R. 6144-55 R. M. 14-27-7, dated 2—4th February 1929, sanctioned a Single Consolidated Imprest for Taluk Offices in lieu of the several imprests now held by them, the following instructions are issued for drawing the consolidated imprest and accounting for the expenditure incurred therefrom.:—

(1) The Single Consolidated Imprest, sanctioned in the above Government Order (Rs. 100 for each Taluk Office and Rs. 50 for each Sub-Taluk Office) will be drawn by the Amildar or Deputy Amildar from the Treasury on a payee's receipt, quoting number and the date of the Government Order sanctioning the imprest.

(2) The imprests now held from the General Revenues for various purposes (such as Revenue Imprest, Bandh Imprest, Imprest for Tank Maintenance Works, Imprest for Record of Rights Work, Lock-up Imprest, Inam Advance, Imprest for Malnad Improvement Work) should be refunded to the Treasury on the date on which the consolidated Imprest is drawn from the Treasury, for credit under 'Permanent Advances' in the Treasury Accounts. If the full amount of the original imprest is not available on that date, in the shape of cash, owing to the non-recoupment or non-adjustment of certain items of expenditure met out of it, the amount required to make up the full imprest may be met from the Consolidated Single Imprest so that the original imprests (in full) may be refunded to the Treasury.

(3) An acknowledgment of the Single Consolidated Imprest will be despatched to the Audit Office in the prescribed form (Form 19 M. C. A. C. Vol. I) with an explanatory memo showing (i) actual cash held and (ii) expenditure spent and remaining unrecouped on the date of drawing the imprest from the treasury. In respect of the latter, a statement showing the following particulars should accompany the permanent advance acknowledgment .—

(1) Date of disbursement.
(2) Particulars of expenditure.
(3) Amount.
(4) Action taken for recoupment.

(4) As the Consolidated Imprest is intended for meeting different kinds of expenditure to be recouped on separate bills, the Imprest Register should show separately the different kinds of expenditure. The Imprest Register may be maintained in the enclosed Form. If any new kinds of expenditure, other than those mentioned in the form, are met out of the imprest, necessary additional columns may be opened in the Imprest Register. The unrecouped amounts of the present imprests should be entered in detail in this register, as the opening entries.

(5) The amount spent should be recouped as often as necessary and at least at the end of each month. SUBJECT.—Instructions for drawing the Single Consolidated Imprest, sanctioned to the Amildars and Deputy Amildars, and accounting for the expenditure incurred therefrom.

COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 148—*T.A.D.B., dated 8th March* 1929.

To

All Amildars and Deputy Amildars,
All Treasury Officers, and
The Inspecting Officers of Taluk Offices and Taluk Treasuries.

Government having in their Order No. R. 6144-55 R. M. 14-27-7, dated 2—4th February 1929, sanctioned a Single Consolidated Imprest for Taluk Offices in lieu of the several imprests now held by them, the following instructions are issued for drawing the consolidated imprest and accounting for the expenditure incurred therefrom.:—

(1) The Single Consolidated Imprest, sanctioned in the above Government Order (Rs. 100 for each Taluk Office and Rs. 50 for each Sub-Taluk Office) will be drawn by the Amildar or Deputy Amildar from the Treasury on a payee's receipt, quoting number and the date of the Government Order sanctioning the imprest.

(2) The imprests now held from the General Revenues for various purposes (such as Revenue Imprest, Bandh Imprest, Imprest for Tank Maintenance Works, Imprest for Record of Rights Work, Lock-up Imprest, Inam Advance, Imprest for Malnad Improvement Work) should be refunded to the Treasury on the date on which the consolidated Imprest is drawn from the Treasury, for credit under 'Permanent Advances' in the Treasury Accounts. If the full amount of the original imprest is not available on that date, in the shape of cash, owing to the non-recoupment or non-adjustment of certain items of expenditure met out of it, the amount required to make up the full imprest may be met from the Consolidated Single Imprest so that the original imprests (in full) may be refunded to the Treasury.

(3) An acknowledgment of the Single Consolidated Imprest will be despatched to the Audit Office in the prescribed form (Form 19 M. C. A. C. Vol. I) with an explanatory memo showing (1) actual cash held and (ii) expenditure spent and remaining unrecouped on the date of drawing the imprest from the treasury. In respect of the latter, a statement showing the following particulars should accompany the permanent advance acknowledgment .—

(1) Date of disbursement.
(2) Particulars of expenditure.
(3) Amount.
(4) Action taken for recoupment.

(4) As the Consolidated Imprest is intended for meeting different kinds of expenditure to be recouped on separate bills, the Imprest Register should show separately the different kinds of expenditure. The Imprest Register may be maintained in the enclosed Form. If any new kinds of expenditure, other than those mentioned in the form, are met out of the imprest, necessary additional columns may be opened in the Imprest Register. The unrecouped amounts of the present imprests should be entered in detail in this register, as the opening entries.

(5) The amount spent should be recouped as often as necessary and at least at the end of each month. There should be separate bills for the charges relating to different classes of expenditure (booked under different major heads). The number, date and amount of the recoupment bill, should be noted against each item. If any item of expenditure is to be recouped by cash recovery, the date of recovery and item number of the cash book should be noted against the item concerned.

(6) For expenditure connected with Tank Maintenance Works, one column will be set apart in this Register and the procedure laid down in this Office Circular No. 141, dated 15th November 1928, will be followed in other respects.

(7) An analysis of the balance of the Imprest Register (giving details of items working up to the difference between the imprest held and the balance of imprest on hand), should be prepared at least once a month (*vide* para 5C of the Annexure to M. C. A. C. Vol. I).

2. At the time of inspection of the Taluk Offices and Taluk Treasuries, the Inspecting Officers will examine the Imprest Register, along with the Abstract Cash Book, Acquittance Roll, etc., and see that the Imprest Register is maintained properly and the imprest is recouped promptly.

Notification No. P. 15-2—28-29, *dated* 18—25*th April* 1929.

BRIEF REVIEW ON THE WORKING OF THE PROCESS ESTABLISHMENT OF THE SEVERAL MUNSIFFS' COURTS IN THE STATE DURING THE QUARTER ENDING DECEMBER 1928.

PART I.

There was no change in the number of Nazaraths (24) and the men employed therein (165 Amins and 472 peons).

The Temporary Establishment of 1 Amin and 3 peons attached to the First Munsiff's Court, Tumkur, was ordered to be made permanent with effect from 1st July 1929.

The receipts decreased from Rs. 60,385-15-0 in the previous quarter to Rs. 51,820-11-0 in the quarter under review whereas the Expenditure increased from Rs. 29,884-4-6 to Rs. 34,677-4-0 resulting however in a net savings of Rs. 17,142-13-0 against Rs. 30,501-10-6 in the previous quarter, the increase in Expenditure being due to the fact that arrears of pay sanctioned in the allocation was disbursed to the Establishment during the quarter in review.

There were savings in all the Courts except in the Chikballapur Munsiff's Court where there was a loss of Rs. 440-9-0 for which no explanation is offered.

The number of Processes served, increased from 69,797 in the previous quarter to 70,966. The averages for an amin and a peon were 71·8 and 159·3 respectively against 81·09 and 152·2 in the previous quarter, the prescribed minimum for an Amin and a peon being 37·5 and 100 respectively.

There was a slight increase in the percentage of personal service for all the Courts taken together from 74·5 to 74·8 in the quarter under review. It ranged from 85·9 in the Munsiff's Court, Kolar Gold Fields, to 67·3 in that of Second Munsiff of Tumkur.
